

The diagram shows a three-panel book cover layout. The left panel contains text and design guidelines. The middle and right panels are blank, representing the front and back covers respectively. Vertical dashed lines indicate fold lines. A solid blue line on the left indicates the safe zone. A solid magenta line indicates the trim line. A solid black line indicates the bleed area. The text 'COVER INSIDE' is centered on the right panel.

SAFE ZONE

Important artwork and text should not exceed safety area to ensure that they will not be folded over or cut off during trimming.

TRIM LINE – FINAL SIZE

This is the final flat paper size.

BLEED

If artwork is to be printed to the edge of the paper, imprint must exceed Trim Line by .125 inches.
